BRIGHT IDEAS FOR BEAUTIFUL LANDSCAPES

Biannual Maintenance Program

In order to ensure the optimal performance of your landscape lighting system, our team will conduct a maintenance and performance check of the service of your professional landscape lighting system twice a year.

This comprehensive maintenance service could include:

- Cleaning and polishing of all lighting fixtures
- Cleaning lenses for peak lighting performance
- Inspection of all bulbs to validate that they are in working order
- Inspection and burying of exposed wiring and connections to ensure that they are undamaged.
- Validation of timer functions to ensure that they operate as desired
- Removal of any overgrown foliage that's interfering with path of illumination
- Replacement of equipment* as per our recommendation

Pricing established will be based on the amount and type of fixtures, bulbs, repairs and exposed wiring on your property (if opted to have buried) - 2024 pricing starts at \$199. Speak to us to get a quote.

**Please note that additional fees will be applied for any equipment that we recommend needs replacing. This will only ever be done with your approval.*
